

ESINET the bridge to success
for companies using space & satellite
technologies

If you want to become a **leading player** in an interactive community of start-ups, spin-off, entrepreneurs and early stage ventures sharing common interest **JOIN US** on the **19th January @European Space Agency—ESTEC** for the annual ESA networking event and have the chance to present your most promising start-up(s) for the:

ESINET/ESA “Best Start-up” Award 2009

ESA will also introduce the TT Broker Network to the ESINET community.

This is a competition **open to all EBN members** working with companies that use space technologies from different types of categories, to develop new applications.

At this event you will have the opportunity to present your best start up before a jury which will select the **“Best Startup” for 2009** - the actual Award Ceremony will take place then on the 27th January, in Brussels during EBN’s 25th Anniversary Cocktail.

ESINET will cover the expenses (accommodation: 1night hotel + travel) of the company selected as the “Best Startup” for 2009.

The winner of the award and the ESINET member will receive **“The best of the class 2009” PRIZE.**
